

Damageless Reel Handling 30 kg - 30 t

BARTHOLOMY **RK** REEL TILTER

The BARTHOLOMY RK Reel Tilter

tilts reels and set of reels up to a maximum weight of: **Gmax 30.000kg**

The two-push-button-control as well as the safety system for passenger guarding makes the operation with the BARTHOLOMY RK REEL TILTER absolutely safe.

Floor even simple removal of reel with fork truck or tiering truck.

An example for the operation cycle is shown on the reverse page.

Damageless Reel Handling 30 kg - 30 t

BARTHOLOMY **RK** REEL TILTER

The operation steps are safe and simple:
